The Fund acquired the assets and assumed the then existing known liabilities of the predecessor fund on May 20, 2022 (the "Reorganization Date"). The Fund is the performance successor of the reorganization. This means that the predecessor fund's performance and financial history are used by the Fund going forward from the Reorganization Date. Accordingly, the performance of the Fund for periods prior to the reorganization is the performance of the predecessor fund. The performance of the predecessor fund has not been restated to reflect the annual operating expenses of the Fund, which are lower than those of the predecessor fund. Because the Fund has different fees and expenses than the predecessor fund, the Fund would also have had different performance results. Please refer to the Fund's prospectus for further details.
